

This letter also sent to Mr. T.J. MacDonald,
c/o The Anaconda Company,
Brittania Beach, B.C.

February 13, 1968.

Mr. P.C. Wilson,
Secretary-Treasurer,
School District No. 46 (Sechelt),
P. O. Box 220,
GIBSONS, B.C.

Dear Mr. Wilson:

This material is for the guidance of your Committee Heads. Naturally, it is written generally for guidance in the four Districts. If you need more copies, phone or write Miss Campbell at the North Vancouver School Board.

In the "Each-One-Teach-One" folder, you will find reference to a sheet to be supplied to workers in making calls. This sheet is now being printed and should be forwarded to you before this weekend.

This Committee and the "Get-Out-The-Vote" Committee are the keys to success in your campaign. West Vancouver women, many who have worked on Red Cross and other campaigns, have taken over the personal contact job. They are dividing the area by schools and they will try to get a caller appointed in each block to call on neighbours and/or have neighbourhood coffee parties. The "Get-Out-The-Vote" work has been taken over by the respective West Vancouver P.T.A.'s, working with the District Superintendent.

From the success of the organization meeting in West Vancouver last night, I respectfully suggest that you speed up the enrolment of women workers in your District.

Yours very truly,

J. Lyall Parkes,
Campaign Director.
