# Who Can Attend Capilano College?

## IF YOU

1. are a B.C. Secondary School graduate on any program, or
2. have equivalent secondary school standing, or
3. are within two courses of graduation, or
4. have the written recommendation of your present school Principal stating that you are a district student capable of profiting from college-level instruction, or
5. are 18 years of age or over. You are eligible for admission to Capilano College.

Non-Canadian students will be admitted if they are Landed Immigrants or residents of the College District who can demonstrate proficiency in the English language.

If you wish to attend the College, but do not meet the entrance requirements listed above, you may apply for admission and have your case reviewed by the Administration Committee.

REMEMBER that the first students admitted are those from the three school districts of North Vancouver, West Vancouver, and Howe Sound.

## What Fees Will You Pay?

Most courses are \$7.00 per credit hour. Maximum tuition is \$100.00. So, if you are a full-time Academic student enrolled in 5 courses or a full-time Career student enrolled in 6 or 8 courses, you pay maximum fees each four months. Tuition fees are due at Registration. You should be certain you have sufficient money for them, as we do not accept post-dated cheques.

If you register late, you should be prepared to pay Late Fees of \$5.00 per course to a maximum of \$25.00.

## What Expenses Can You Expect?

A full-time student, not paying board, would need approximately \$300.00 to meet the expenses of a four-month term or \$600.00 for a complete academic year of two four-month terms. Typical costs would include:

Tuition Fees	\$100.00
Student Society Fees	10.00
Books & Supplies	60.00
Local Transportation	40.00
Miscellaneous	<u>100.00</u>
	<u>\$310.00</u>

# What Financial Assistance Does Capilano College Offer You?

## You Should Investigate A Variety Of Scholarships, Bursaries and Loans

1. **GOVERNMENT OF BRITISH COLUMBIA SCHOLARSHIPS** are awarded to full-time Academic or Career program students. The award of \$100.00 per term is based on your graduating marks for our first term and then on your Capilano College Grade Point Average. If you graduate with a Government Scholarship, you may file applications by January 18 for Fall Term and May 17 for Spring Term.
2. **GENERAL SCHOLARSHIPS** are available to full-time and part-time students. As a prospective student, you should not overlook scholarships granted by employers or your parents and by associations or organizations of which parents are members. Information about scholarships is available at the Student Services Centre.
3. **GOVERNMENT OF BRITISH COLUMBIA BURSARIES** are for students who need financial assistance. Applications are available in the Student Services Centre.
4. **GENERAL BURSARIES** are offered by the Birks Family Foundation, the Capilano College Foundation, the Vancouver Foundation, the Naval Officers Association of British Columbia, the North Shore Business and Professional Women's Club, the Alumni Association of U.B.C. and MacMillan Bloedel Limited.
5. **CANADA STUDENT LOANS** of up to \$1,000.00 are available each year for a maximum of five years and are interest-free until six months after completion of full-time post-secondary studies directed towards a degree or diploma. To be eligible you must be enrolled as a full-time student for one term or two consecutive terms, be a Canadian citizen or Landed Immigrant who has resided in Canada at least twelve months and have attained satisfactory scholastic standing.
6. **OTHER STUDENT LOANS** that are available are those offered by the Capilano College Student Society, "Dollars for Scholars", and the P.E.O. Educational Fund.

Information about all types of Financial Aid at Capilano College is given in detail in the Financial Aid brochure — available at the Student Services Center.

# Who Can Answer Your Questions About Capilano College?

If you are interested in attending the College, you may meet with one of our Advisers who visit your school by arrangement. Your School Counsellor can tell you exactly when these visits occur.

You may also be interested in the special interview periods available in May and August. Advisers and other faculty members will answer your questions and help plan programs so that you are prepared for Registration.

# What Should You Remember About Registration?

1. You may apply for admission to Capilano College and elsewhere, without obligation.
2. Admission interviews are voluntary. College Advisers will help you plan your program, if you need help.
3. Several Career Programs require early application and special admission interviews. Interviews are conducted in May and August with Career Program Co-ordinators.
4. Before registering, you should be familiar with all information contained in the College Calendar.
5. Courses offered may be changed. You should keep abreast of changes announced on the radio or in the newspapers.
6. When you see a College Adviser, you should give him a transcript showing your Grade 11 and 12 standing. Without this information, he is forced to guess at your program and can make only tentative suggestions.
7. Your official secondary school transcript is the key document to Registration at Capilano College. The earlier you send or bring in your transcript, the sooner your application will be processed.
8. You can have a photostatic copy of your official transcript made at the College. The copy, which costs ten cents, will remain in your file. Other institutions usually keep originals.

# Where Can You Complete Secondary School Deficiencies?

If you lack one or two courses for complete secondary school graduation, you may want to contact a counsellor at the Department of Adult Education. You may telephone the Director of Adult Education at 985-8741.

Night school courses for completion of Grade 12 are given simultaneously with Capilano College courses on a semester basis. You are advised to register for the pre-college program first, to plot your timetable, and then, to plan your college courses around the night school program.

# When Can You Enrol at the College?

At Capilano College terms begin each September, January and May. If you find yourself enrolled in an inappropriate program of courses, you may amend your choice and begin again, rather than waiting a full calendar year. You do not have to register during the Fall Term, unless you wish to enrol in a technical program or a complete B.C.I.T. transfer program. Academic courses are offered every term.

There is neither a minimum number of courses nor a set time of day during which you must attend classes. Each student chooses the hours for his classes between 9:00 a.m. and 10:00 p.m. You may be either a full-time or a part-time student; you may take a four month or longer break between registration. No matter what your financial situation may be, you may continue your education when and as you like.

# What Kind Of Grading System is Used?

Class time at Capilano College covers a period of only three and one half months, and final grades are based on all assignments, tests, class and laboratory participation from the beginning of the term. Final examinations usually count for a small proportion of the final mark. You cannot receive credit for courses unless you complete all requirements for evaluation. Because of our testing and grading methods, regular attendance is very important.

Your academic achievement is represented by your Grade Point Average (G.P.A.). Each letter grade has a numerical equivalent:

Letter Grade	Meaning	Grade Point
A	Superior	4
B	Above Average	3
C	Satisfactory	2
D	Minimal Pass	1
F	Failed	0
I	Incomplete	0
Audit	Audit	0*

(\*Not calculated in Grade Point Average)

If you withdraw officially from a course before the deadline, you incur no penalty, and your G.P.A. is not affected. Your G.P.A. is determined by adding the numerical equivalents for each course and dividing by the number of course hours taken. The equivalents of failing and incomplete are included.

# How Can You Earn A Capilano College Diploma?

Four successful terms of full-time study can lead to an Associate in Arts and Sciences degree. You may receive this recognized College diploma whether you are a two-year terminal student or one planning transfer to another post-secondary institution.

# What Transfer Credit Do You Receive For Capilano College?

All post-secondary institutions (including Capilano College) reserve the right to set, alter and administer regulations concerning the acceptance of transfer students and the assignment of credit and/or advanced standing. In all cases, if you plan to enter Capilano College, you are responsible for the courses you select. You should check your course plan with the institution to which you plan to transfer.

If you have chosen appropriate courses and have achieved satisfactory grades, you should be able to transfer without difficulty. To be sure of the transfer status of your courses, you may have a Course Equivalency Guide from the Student Services Centre.

## What Should You Remember About Transfer Regulations?

You should be very familiar with the entrance and course requirements of the university to which you plan to transfer. Capilano College offers courses suitable for the second or third year university level. In certain Faculties, however, there are strict regulations on courses taken at the regional college. Copies of admissions bulletins and calendars are kept for your use in our Student Services Centre. If you need detailed information, you may always see an Adviser or another faculty member.
