Dear Sirs:

I would like to suggest the name of "MARTIN LUTHER KING UNIVERSITY" for the new Community College.

My reason for this is not only as a tribute to the late Dr. King but for the qualities the man possessed which are the ones that we would want the students of the college to represent; namely, tolerance in the face of prejudice, a sense of fair play, good citizenship through peaceful means, and the courage with which to carry out one's convictions.

Yours truly,

Berenice Atkins
