Caulfeild woman tops at college

A Caulfeild housewife who says school is better the second time around, received the Governor - General's silver medal at Capilano College graduation ceremonies last Wednesday.

Winner of the College's highest award was Mrs. Constance Kenney of 4709 Caulfeild, West Vancouver.

Mrs. Kenney has attended Cap College for the past two years, where she completed the secretarial - science program. She also studied psychology, art history and English poetry and literature.

"The beauty of Capilano College is the community concept," said Mrs. Kenney, "and you can take whatever you want."

Why did Mrs. Kenney decide to enrol in Cap College two years ago? "Basically because I thought I needed a skill."

"I really think it was a commitment. I have a good husband a good home and no children. I hate to sound corny, but I asked myself if I was just going to peter out my life."

"I wanted to be where the action is," she said, "and that's on campus."

How did the younger students react to a Caulfeild housewife amongst them? "It wasn't a strange atmosphere at all, in fact it was rather intimate."

"I also learned how the young people were thinking. It was funny too, because when I was with youth I defended the older generation and when I was talk-

ing to adults I defended the youth."

Mrs. Kenney said Cap College's facilities are "poor" but the teachers are "very very good."

Mrs. Kenney liked Cap College so much she is thinking of returning again next year. And that's a real commitment.

Other students of Cap College were honored Wednesday during the ceremonies at Frank Baker's.
