Dear Dr. Jardine:

Ministry staff have completed an initial review of the new program letters of intent which your institution has submitted. The results of this review are attached. Some proposals will require additional work by Ministry staff and no opinion can be conveyed at this time.

Please keep in mind that the sooner we receive completed 21 Point Proposals the more opportunity we will have to review the proposal, and if our review is favourable, the more opportunity your institution will have to include it on your 1987/1988 preliminary program profile. Ministry staff would be happy to discuss further those proposals which we have supported, or provide a more detailed explanation of why the Ministry did not support some of the other proposals.

We look forward to receiving your 21 Point Proposals.

Yours truly,

Lorne Thompson

INITIAL REVIEW OF PROGRAM PROPOSALS
FROM THE AUGUST, 1986 NEW PROGRAM DEVELOPMENT REPORT

CAPILANO COLLEGE

Program

Initial Review

Computer Assisted Communi-
cation Certificate

This proposal is not recommended at this time.
The need for this program is not demonstrated by
the proposal.

Professional Freelance Writing

Not approved. Probably better to offer on a cost
recovery basis or as a part-time upgrading
program.

Corporate Communications
Certificate

Still under review.

Biotechnology

Not recommended. BCIT has a biotechnology program
approved to start in 1987. Demand for graduates
would not warrant a second program.

Tourism Management Diploma

Request 21 Point Proposal. Ministry would be most
supportive of part-time training.
