# Celebrating Alumni Success

## CAPILANO INAUGURAL DISTINGUISHED ALUMNI AWARDS

For almost 40 years, Capilano alumni have been making their mark throughout the world. The quality education they received has enabled them to contribute effectively as responsible citizens in a rapidly changing and diverse global community.

The Distinguished Alumni Awards were initiated in 2007 to honor Capilano alumni who have made significant contributions in their professions, within their communities and in their dedication to continuous learning.

This year nine extraordinary individuals are being honored.

## CAPILANO 2007 DISTINGUISHED ALUMNI AWARD RECIPIENT

### **Alpha Woodward , BMT, MMT, MTA**

For the children in Bosnia-Herzegovina who lived through the horrors of a civil war, Alpha Woodward's Capilano Music Therapy bachelor degree means the difference between a good life and one filled with the nightmares of conflict.

Through her work at the Pavarotti Music Centre in Mostar, Bosnia, children who have suffered war-related mental and physical injuries are gradually piecing their lives back together.

Alpha is truly passionate about her work and has said, "Knowing you are making a difference is the biggest reward anyone can have in their life work."

## DISTINGUISHED NOMINEES

### **Yara Ainsworth, Dip. Academic Studies, B Comm.**

Yara Ainsworth's fascination with foreign cultures began with an exchange scholarship in Japan at Aichi Gakusen College provided through Capilano. Since then, she has worked in a variety of international assignments, quickly rising up the career ladder at General Motors, both in the US and Europe. She is currently a manager with GM Europe in Switzerland where she often works in seven languages on a daily basis.

### **David Bate, BA, LLB, MPA, Dip. McRae Institute, Dip. APM, MBA, M.Sc.**

David Bate already had a law degree and a Masters in Public Administration when he enrolled in the McRae Institute of International Management program. The McRae alumni network and the foundation of business skills he acquired gained him entry into Asia's business market where he worked in progressively more responsible financial services positions. Eventually David established an investment bank in South Africa, where he now resides, as well as two boutique wineries that produce environmentally-friendly wines.

### **Dr. Ali Behmard, B.Sc., DDS**

When Ali Behmard arrived in Canada, he spoke little English and dropped out of school in Grade 10 to work in an auto body shop. A few years later, after enrolling in Capilano's Adult Basic Education (ABE) program to finish his high school diploma, he changed his mind about the value of education. He began considering medicine to help people and went on to complete first year sciences at Capilano before moving to UBC to complete a dentistry degree. Ali has come back to Capilano to teach in the ABE program that gave him such a great start.

**Dr. Colin Brauner, B.Sc., M.Sc., PhD**

Renowned fish scientist, Colin Brauner, is an associate professor in UBC's Department of Zoology, working with some of the most prestigious researchers in the world in comparative physiology. The goal of his research is to determine the degree to which physiological systems can adapt to environmental changes such as global warming. Colin excelled in Capilano's science program before transferring to UBC where he earned his B.Sc., M.Sc. and PhD. He has won several awards for his research including the prestigious President's Medal from the Society of Experimental Biology.

**Oscar Delgado, B.Sc., Dip. McRae Institute**

Relocating from Colombia, Oscar Delgado overcame the challenges of studying in a second language when he enrolled in Capilano's Latin American Management Program (LAMP). He has since worked his way up within the Vancouver Airport Authority, currently acting as project manager overseeing all of the company's civil engineering projects within Canada and in Cyprus and the Bahamas. Oscar regularly comes back to lecture in the LAMP program and recently raised \$30,000 for the Canadian Red Cross' Colombia Campaign.

**Dr. Thomas Kerr, BMT, MA, PhD**

Many people throughout the world who are living with HIV/AIDS and addiction are being helped by Dr. Thomas Kerr's Capilano education. After graduating from the Music Therapy program, Thomas obtained his Masters in Counseling Psychology and ultimately his PhD in Health Psychology, sparking his interest in research and its impact on social change. Aspiring to effect change on a large scale, he focused on HIV/AIDS research becoming a renowned pioneer in the development of safe injection/harm reduction models.

**Dr. Wafa Tawackoli, Dip. Academic Studies, B.Sc., PhD**

After excelling as a student in general studies at Capilano, Wafa Tawackoli went on to complete a B.Sc. in Chemical Engineering at the University of Oklahoma and a PhD in Bioengineering from Rice University. He is living his dream: conducting ground breaking research at the acclaimed Cedars-Sinai Medical Centre in Los Angeles. Pursuing his passion for Bioengineering, he is reprogramming stem cells to produce bone or cartilage that can then be injected into damaged discs to stabilize them. This research has huge potential benefit to people with spinal disabilities.

**Liz Young, SRN, SCM, Dip. Tropical Nursing, Dip. Academic Studies, BA, MFA**

A registered nurse from England, Liz Young was the eighth student to register at Capilano and the first student to later return as a teacher, where she taught writing and biology for 32 years! She earned her English and Master of Fine Arts degrees and launched a successful writing and drama adaptation career. Liz currently serves on the Board of Directors of the North Vancouver Community Arts Council and recently received an Instructor Emerita nomination for her exceptional work as a teacher at Capilano.

THE OFFICE OF DEVELOPMENT AND ALUMNI RELATIONS CONGRATULATES ALL 2007 GRADUATES. WE HOPE YOU WILL STAY CONNECTED TO CAPILANO AND LOOK FORWARD TO LEARNING ABOUT YOUR CONTINUED ACCOMPLISHMENTS.

# Celebrating Alumni Success

It is a pleasure to announce the success of our alumni who have achieved significant milestones in their careers and lives. We are proud to recognize the following individuals for their outstanding accomplishments:

**Dr. Jane Smith, Ph.D.**, has been promoted to Senior Vice President of Research and Development at her current employer. She continues to lead her team in groundbreaking work in the field of artificial intelligence.

**Mr. John Doe, M.B.A.**, has successfully completed his MBA from our university and is now working as a Project Manager at a leading technology firm. He is highly regarded for his leadership skills and ability to manage complex projects.

**Ms. Emily White, B.S.**, has been awarded a Fulbright Fellowship to study in Europe. She will be spending the next year in Germany, where she will be conducting research on sustainable energy solutions. We wish her the best of luck in her studies and research.

**Mr. David Brown, B.A.**, has been accepted for admission to a top-tier law school. He will be pursuing a Juris Doctor degree and is expected to graduate in three years. We are confident that he will excel in his new academic environment.

**Dr. Thomas Green, Ph.D.**, has been elected as a member of the National Academy of Sciences. This is a prestigious honor that recognizes his significant contributions to the field of biology and his leadership in his research group. We are proud to have a faculty member of such caliber.

**Ms. Sarah Black, M.F.A.**, has been awarded a Guggenheim Fellowship. She will be spending the next year in Italy, where she will be working on her novel. This is a highly competitive and prestigious award that recognizes her exceptional talent as a writer.

**The White Foundation**, established by our alumni, has been awarded a grant from the National Endowment for the Humanities. This grant will support a series of lectures and seminars on the history of the United States. We are grateful for the support of our alumni and the NEH.

**Mr. Robert Gray, M.D.**, has been elected as a member of the American Academy of Arts and Sciences. This is a highly prestigious honor that recognizes his significant contributions to the field of medicine and his leadership in his research group. We are proud to have a faculty member of such caliber.

**The Green Foundation**, established by our alumni, has been awarded a grant from the National Endowment for the Humanities. This grant will support a series of lectures and seminars on the history of the United States. We are grateful for the support of our alumni and the NEH.

**Ms. Lisa Black, M.F.A.**, has been awarded a Guggenheim Fellowship. She will be spending the next year in Italy, where she will be working on her novel. This is a highly competitive and prestigious award that recognizes her exceptional talent as a writer.

**Mr. James White, M.B.A.**, has been elected as a member of the American Academy of Arts and Sciences. This is a highly prestigious honor that recognizes his significant contributions to the field of business and his leadership in his research group. We are proud to have a faculty member of such caliber.

**Ms. Jennifer Black, M.F.A.**, has been awarded a Guggenheim Fellowship. She will be spending the next year in Italy, where she will be working on her novel. This is a highly competitive and prestigious award that recognizes her exceptional talent as a writer.
