10th ANNUAL

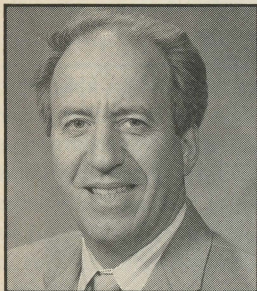

JUNE 16 - 25th '89

The Calgary International Jazz Festival is pleased to present ten days of the world's finest jazz. From Europe, Scandinavia, the U.S., Japan and Canada, some of the biggest names in jazz are meeting in Calgary for this tenth-anniversary celebration.

There are free outdoor presentations, concerts, cabarets, dances, nightclub performances and jam sessions—even jazz movies—and the biggest, most exciting two-day Prince's Island event yet! Join in the party! You won't want to miss this spectacular show!

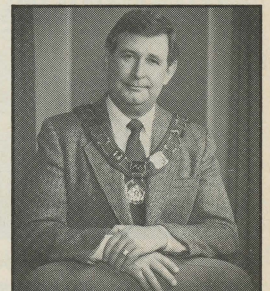

On behalf of the Government of Alberta, I would like to offer my best wishes for the success of the 1989 Calgary International Jazz Festival. Over the years your festival has grown to become a showcase of both international artists and many of Alberta's outstanding jazz musicians. You are to be commended for your dedication and hard work. You have succeeded in creating a

festival that ranks among the top jazz events in Canada! Best wishes to all those who work so hard to make this annual event a reality.

Sincerely yours,

Greg Stevens, P. Eng.,

Minister of Culture & Multiculturalism

On behalf of City Council and the citizens of Calgary, I hereby declare the week of June 16, 1989 as: 'JAZZ WEEK'. I extend congratulations to the producers and hundreds of volunteers who have worked diligently over the years to annually present the Calgary Jazz Festival. Now in its tenth year, the Festival has truly achieved international status. Under its new name of the Calgary

In co-operation with the Calgary Centre for Performing Arts, the Calgary International Jazz Festival is proud to present two of Canada's outstanding jazz bands - Manteca and The Shuffle Demons!

MANTECA, a nine-man band from Toronto, has won numerous awards for its boundary-defying brand of music. They take African rhythms, Brazilian sambas, North American rock, funk and jazz and meld it into a music all their own. Collectively, the members have more than 170 album credits and have released four albums of their own, of which *Fire Me Up* is the most recent. They are a voice full of joy, life and energy!

THE SHUFFLE DEMONS began life in downtown Toronto as Yonge Street buskers. Their debut album *Streetniks* won a CASBY award and was nominated for a JUNO. Over the past five years, they have attracted a legion of loyal fans . . . won over by their off-the-wall sense of humor as much as by their unique musical style, which mixes jazz, blues, rap and reggae. The serious substance comes packaged along with the spoof and the two complement each other. In other words, you can't take the Shuffle out of the Demons or the Demons out of the Shuffle! Manteca and The Shuffle Demons - bringing audiences to their feet!
