Dear Paul,

I really enjoyed your concert! You're a wonderful pianist - so energetic and expressive and kinetically creative. What a gift you have. I'm so glad I attended your rehearsal as well, so I could get a double dose.

I'll call you later this month, but it looks like I'll be in Vancouver 7/27-28. Think about when you can spend a couple of hours (?) in a phone interview (it needn't take that long, but it often does) sometime in August. My article is due to Musicworks mid-September, and who knows what my work load will look like by then.

I'm looking forward to spending a bit of time with you when I come back up - Be well and thanks so much for your performance. You certainly move people - it was a great audience.

Best,

Claire

P.S. Remember - I'm out of town 7/13-28, and off email, but you can still email me - I'll have my husband retrieve messages & I can always get back to you via him.
